

Privacy Policy

1. Information Collected

Our AI website assistants are designed with privacy in mind, ensuring a secure and confidential interaction between patients and clinics. Our AI assistants do not ask for private information from patients or clinics. The primary function of our AI is to facilitate communication and improve user experience on the clinic's website without compromising patient privacy. The only occasions where private information may be visible to us is if users overshare information or if private information is revealed during live chat sessions initiated by users.

2. We Do Not Share Private Data

We hold the privacy of patient information in the highest regard. Consistent with our commitment to safeguarding privacy, we do not share any private information with third parties. All private data obtained remains strictly confidential. Our policy ensures that any private data processed through our AI website assistants is solely for the intended use of facilitating communication and improving the service provided by the clinics. No private data is shared, sold, or disclosed to third-party entities.

3. Changes to This Privacy Policy

We reserve the right to update or modify this privacy policy at any time and for any reason. Any changes to our privacy practices will be visible on our website, and we encourage users to review our privacy policy regularly to stay informed about how we are protecting the information we collect.

4. Contact Information

Should you have any questions or concerns regarding our privacy policy or the handling of private data, please do not hesitate to email us. We are committed to addressing any inquiries and resolving any concerns regarding data privacy.
